

## EMERGENCE OF ANTICHRIST

The date of emergence can be found out by two methods;

(I) MUHAMMAD PBUH SAID

THE TIME BETWEEN GREAT WAR AND THE CONQUEST OF THE CITY OF CONSTANTINOPLE  
WILL BE SIX YEARS, AND ANTICHRIST WILL COME FORTH IN THE SEVENTH

The war between Palestine and Israel was started on Saturday 7 October 2023 / 22 Rabi I 1445 AH. Six years from 1445 will be 1451. Accordingly, Turkiye will be conquered in 1451 AH / 2030 CE and Antichrist will emerge in 2031.

(ii) Due to nihility of calendars, the date of birth of Jesus could not be found out. Accordingly, Christians are celebrating Christmas on 25 December which is an approximate date. In recent times, I have established that, Isa a s was born on Friday 22 December 12 BCE (copyright : 2018) and ascended to heavens on Friday 1 April 33 CE.

A human body is imagined as two triangles joined together at their base where the vortices represent head and feet. The upper triangle depicts soul whereas lower triangle its body. Antichrist has no soul but only body whose triangle has  $60 + 60 + 60$  degrees or  $6 + 6 + 6$  or 666. The description in Book of Revelation 13:18 bears testimony to this. Accordingly, Antichrist is represented by the number 666. Multiply 666 by 3 and add to the year of ascension of Christ.  $666 \times 3 = 1998$ ,  $1998 + 33 = 2031$ .

Emergence of Antichrist : 2031 CE - in shaa ALLAH
